## EDUCATION

### MAHARISHI INSTITUTE

Master of Computer Applications  
JULY 2019 | Bhopal, MP

### BSSS Bhopal

Bachelor of Commerce (Computers)  
MAY 2016 | Bhopal, MP

## SKILLS

### PROGRAMMING | FRAMEWORKS

- Java/J2EE
- Spring Boot
- Spring Data-JPA
- Spring Security
- Spring MVC
- Log4J/SLF4J
- Design patterns
- JWT
- Micro Services
- Rest API

### Front End

- React •HTML •CSS
- JavaScript

### DATABASE

- MongoDB •Oracle
- MySQL •Postgres

### VERSION CONTROL | PROJECT MANAGEMENT

- GIT •Maven •NPM •JIRA
- Bit Bucket •GCP
- Firebase

### TOOLS |IDE

- Eclipse •STS •IntelliJ
- Postman •Swagger
- VS Code • Source tree

## SUMMARY

- Total experience of around **5** years as a Software Developer, specializing in designing and developing microservices-based applications
- Project implementation skills using Spring Framework with Java 8 features, JPA, JWT, React.js, Rest API, and Spring Boot.
- Excellent Knowledge of OOPs concepts, Collection frameworks, Data Structures, Spring Boot, JPA, JWT, Maven and GIT.
- Excellent Debugging skills with experience in Chrome Dev Tools, Visual Studio Code, IntelliJ, and Eclipse.
- Excellent knowledge of the Spring application framework And Postman API Tools.
- Good knowledge in all the phases of Software Development Life Cycle (SDLC) Software Design.
- Have an excellent testing experience with selenium, j-unit, WinAppDriver, and Inspect tools for Desktop Apps.
- Having Experience developing a detailed project plan covering scope, timeline, milestones, and resource allocation to guide the team throughout development.
- Implemented a robust process for code review and thorough testing to ensure code quality and identify bugs using tools such as SonarQube and Lint.

## EXPERIENCE

### BRIQ

- **SENIOR SOFTWARE ENGINEER** Dec 2023 - Present | Pune, MH  
Promoted to Senior Software Engineer, tasked with managing a support team. Led initiatives to upgrade projects and streamline processes, resulting in significant efficiency gains. Recognized for leadership and successful appraisal as a senior developer.
- **SOFTWARE ENGINEER** Feb 2021 – Dec 2023 | Pune, MH  
Contributed to process optimization and project enhancements at Briq, integrating OCR, TOTP Authentication, video recording, database management, and REST APIs. Ensured seamless integration and functionality improvements through collaborative teamwork.

### VENSAIL INC

- **SOFTWARE ENGINEER** Jan 2020 – Feb 2021 | Vizag, AP  
Played a pivotal role in developing a React website project at Vensail. Assisted in crafting a comprehensive project plan, defining scope, timelines, and resource allocation. Contributed to design, frontend development using React, and ensuring code quality. while also contributing to the Sankranti project, utilizing Spring Boot for backend development. Facilitated clear communication, supported testing, bug resolution, and successful deployment for both projects

## STRENGTH

- Effective planning and communication skills.
- Strong collaboration and teamwork abilities.
- Track record of on-time project delivery.
- Commitment to quality assurance and bug-free solutions.
- Adaptability to changing project requirements.
- Continuous improvement mindset.

## PROJECTS

### **BRIQ-IPA** | *Backend Developer*

**Tech Stack:** Java, Spring-Boot, Microservices, MongoDB, GCP.

The is a Microservices application which includes functionality for extracting invoice data, managing vendor mapping, and optimizing resource distribution. Additionally, it handles user profiles with roles and responsibilities.

### **BRIQ-BOT** | *Backend Developer*

**Tech Stack:** Java, Spring-Boot, REST API, Postgres.

The is a Microservices application which includes functionality for extracting invoice data, managing vendor mapping, and optimizing resource distribution. Additionally, it handles user profiles with roles and responsibilities.

### **Sunwaso Delivery App** | *Backend Development*

**Tech Stack:** Java, Spring Boot, Microservices, REST APIs, React Native, PostgreSQL. user-friendly platform that connects users with local vendors for convenient access to goods and services. It allows users to browse products, place orders, and track deliveries in real-time. Built on a microservices architecture.

### **Sankranti Spice Rack** | *Java Development*

**Tech Stack:** Java, Spring Boot, Microservices, REST APIs, MySQL.

Application for restaurant vendors to order mixes. Admin can manage orders, inventory, and user profiles using a microservices architecture.

### **Vensaii Website** | *Full Stack Developer*

**Tech Stack:** Java, Spring-Boot, MySQL, MVC, React.js.

Enhanced current Website to that showcases the company's range of services and products. It highlights offerings such as web development, mobile application development, e-commerce solutions, digital marketing, and consulting services.

## ACHIEVEMENTS

- Developed a Spend Ap for automated invoice data extraction using an object mapper, enhancing data processing efficiency in the microservice architecture.
- Integrated a video recording microservice utilizing FFmpeg, enabling effective auditing and quality assurance during automated processes.
- Implemented TOTP-based login in Automation Bots, enabling acceptance of 10% of previously removed automations.
- Assistant Lead on the frontend React project at Vensaii, contributing to its one-week accelerated completion on Web Development.
- Collaborated with cross-functional teams to optimize the performance and scalability of microservices, ensuring seamless communication and resource management.
- Achieved accelerated project timelines at Vensaii, showcasing effective project management and teamwork capabilities in frontend development.

## DECLARATION

I solemnly declare that the information in this resume is true to the best of my knowledge and belief.

[Kapil Jaiswal]
